BACKGROUND

The Environment and Energy usage Policy of Iswar Chandra Vidyasagar College, Belonia is focused on optimal use of energy so as to minimize its impact on the environment. The policy aims to explore renewable energy resources to reduce the burden of the government and to find out substitute natural resources as solutions to the energy crisis. This environment and energy policy is binding for all the components of the institution and applies to all its stakeholders and to the various activities undertaken by the institution. It will help us to embed efficiency and environmental awareness into our everyday activities, thus helping us to realize our responsibilities and commitment to conservation of natural resources and to limit its usage.

PURPOSE

Iswar Chandra Vidyasagar College (formerly Belonia College) is one of the oldest colleges amongst the 22 General Degree Colleges of Tripura and is located in the South Tripura District of Tripura with a distance of about 90 kilometres from Agartala, the capital of Tripura. Since its inception (1964), this College has been in the fore-front among the colleges in advancement of education and other curricular activities.

This year (2014), NAAC accredited this College with B Grade in its 2nd cycle of Assessment. The preparation process for the 3rd cycle of NAAC Assessment scheduled for 2019 thus began with the framing of few Policy Documents with defined Timeline Action Plans (2014-2023). For Environment and Energy usage Policy, Timeline Action Plan has been drawn to manage energy in such a systematic way so as to minimize its impact on the environment that could augment worthy value to our College and further improve the standards of excellence.

SCOPE

The stakeholders of this Policy include the teaching and non-teaching fraternity, the students, the Alumnis, the adjacent neighbourhood and all those having a through or ancillary compartment with the functioning and well-being of the existing College campus.

EXTENT

This Policy Document intends to ensure the College follows a systematic approach throughout (2014-2023) in management of energy usage in a systematic way.

DEFINITIONS

‘Alumni’ means the former students of the College.

‘College’ means Iswar Chandra Vidyasagar College, Belonia.

‘Stakeholders’ means those who are directly or indirectly involved with the functioning of the College.

‘Policy Statement’ means the guiding principles or the set of rules framed to achieve the organization’s objectives.

POLICY STATEMENTS

The Policies relating to the Environment and Energy usage includes:

- ❖ To assess our energy usage and measure its impact on the environment.
- ❖ To count CO2 emissions generated by our means of transportations- vehicles.
- ❖ To reduce local air pollution emissions using environment-friendly vehicles, including bicycles, public transportation and use of pedestrian-friendly roads.
- ❖ To install photovoltaic solar panels for the generation of alternate energy.

Policy No. F.(1)/ICVC/IQAC/ACAD/IPEEU/2014/06

- ❖ To install LED bulbs in the complete campus to save energy.
- ❖ To develop systematic waste management mechanism.
- ❖ To develop rain water harvesting unit.
- ❖ To undertake tree plantation drive.
- ❖ To take additional measures to continuously improve our energy consumption.
- ❖ To develop and maintain an environmental management system which is ISO: 14001 and an Energy Management System based on ISO: 50001.
- ❖ To ensure the availability of necessary resources to achieve our objectives.
- ❖ To encourage use of advanced technology to minimize energy consumption, atmospheric emissions and noise, particularly from our vehicle fleets.
- ❖ To engage in dialogue with the government agencies, municipal corporation and the affiliating university and actively work with the local organizations in the areas of environment, energy efficiency and sustainable development.
- ❖ To monitor and respond to emerging environmental and energy issues. To strengthen (1) our employees' and students' environmental knowledge and skills in order to improve our own environmental performance.
- ❖ To provide information and training opportunities on energy saving measures.
- ❖ To offer opportunities for employees and students to engage in initiatives those contribute to environmental protection.
- ❖ To train our employees and students with active support from the Department of Environmental Science to make them 'Go Green Specialists' and partners to plant trees each year. This policy will be communicated to the students and employees via internal communication channels, and will be made available to all the stakeholders on the institutional website. The Environment and Energy Policy, objectives and targets will be reviewed on a regular basis by members under the guidance of the Principal of the College.
